# Plastic Crusher

## ASG-F

### **Suitable Application :**

- General purpose molded articles
- Runners, household articles
- Engineering plastics articles
- Thin pinch off

Flake cutter blades are suitable for recycling and restoring of conventional sheets, Tube plastics, profiles, packaging plastics, extrusion mold products and runners, etc.

ASG F series granulators are adopted with sealed bearings which can handle long hour operation. The unique design of the cutter ensures the uniform cutting.

Over load protection of motor

Rotary & Stationery blade for uniform grinding

Detachable screen & material bin for easy clean out

Openable cutting chamber

Easy to use with conveyor belt

Thermally treated blades for long life

Easy to grind material of minimum thickness 20 microns
